

5 HP Two Stage Air Compressor

The CE3001 is designed for professional work in service stations, small body shops or heavy DIY user. With a max pressure of 175 PSI and delivery of 14 SCFM @ 90 PSI, this air compressor can run any tool or multiple lines at once. The 80 gallon tank allows the unit to cycle less than units with smaller tanks.

- Cast Iron Two Stage Pump**
 This cast iron pump is over 35% quieter and 60% cooler than aluminum pumps with cast iron cylinder sleeves. With up to 10,000* hours of extended life this solid pump will run a long time.
- 5HP Motor with Overload Protection**
 Designed with a powerful 230 Volt 5HP motor. No special motor starter required
- 80 Gallon ASME Code Tank**
 The ASME code tank is certified for 200 psi maximum pressure assuring safe operation
- Oil Site Glass**
 Located on the front of the pump, the oil site glass allows for quick and easy tracking of oil levels

Specifications

Model	CE3001
Size	80 Gallon
MAX PSI	175
Free Air CFM	14 @ 90 PSI 13.7 @ 175 PSI
Pump	Oil-Lube
Unit Weight	429 lbs
Voltage	208-230 Volt
Phase	3PH
Amperage	13.4-13.2A
UPC	045564641764
