

3" Coil Pallet Nailer NV75AN – NV75AN(S)

The NV75AN coil pallet nailer brings power, precision, and convenience to the pallet manufacturing industry. Capable of driving nails as large as 3" X .131" at a rate of 3 per second, the NV75AN is both powerful and efficient. The side load magazine and open nose design offer convenience, while the plastic shield offers safety, deflecting wire collation away from the user. Features such as the 360° adjustable air deflector, high capacity magazine, and a tool-less depth of drive adjustment bring convenience to any user and the ability to use both wire and plastic sheet collated nails creates great flexibility in any pallet manufacturing facility. The NV75AN comes standard with a contact (bump) trigger installed on the tool and an optional sequential trigger in the box.

Features Include:

- **Tool-less depth of drive adjustment** for optimal fastener depth in a variety of applications
- **360° adjustable air deflector** directs the air exhaust in any direction and away from the user
- **Side load magazine** for fast and easy reloads
- **Open nose design** for easy jam removal
- **Clear plastic shield** deflects wire collation away from the user for added safety
- **Lightweight and well balanced** at just 6.3 lbs. for less fatigue
- **Drives wire and plastic sheet collated nails** for added flexibility
- **Long lasting rubber grip** for added comfort
