

SPRAYIT

Product	Product Name									
SP-324	SPRAYIT SP-324 HVLP Gravity Feed Spray Gun with Diaphragm Air Regulator	One-piece lightweight aluminum gun body with 20 oz./0.6l plastic cup.	Separate and Adjustable fluid, fan pattern and air controls for precise application.	Stainless steel fluid needle and nozzle - corrosion resistant for longer life.	Tip size: 1.4mm	Air consumption 13 CFM @ 35 PSI	Working pressure: 35-45 PSI. Maximum pressure 60 PSI	Fan Pattern: 7.0" to 10.9"	Good for lacquers, enamels, stains, urethanes and fast dry and low viscosity paints.	1 Year Warranty
SP-351	SPRAYIT SP-351 Conventional Gravity Feed Spray Gun	One-piece lightweight aluminum gun body with 20 oz./0.6l plastic cup.	Separate and Adjustable fluid, fan pattern and air controls for precise application.	Stainless steel fluid needle and nozzle - corrosion resistant for longer life.	Tip size: 1.5mm	Air consumption 4.2 to 7.1 CFM @ 30 PSI	Working pressure 28-45 PSI. Maximum pressure 60 PSI	Fan Pattern: 5.9" to 7.1"	Good for lacquers, enamels and fast dry and low viscosity paints.	1 Year Warranty
SP-352	SPRAYIT SP-352 Gravity Feed Spray Gun with Aluminum Swivel Cup	One-piece lightweight aluminum gun body with 13.5 oz./0.4l aluminum cup.	Separate and Adjustable fluid, fan pattern and air controls for precise application.	Stainless steel fluid needle and nozzle - corrosion resistant for longer life.	Tip size: 1.5mm	Air consumption 4.2 to 6.0 CFM @ 30 PSI	Working pressure 44-58 PSI. Maximum pressure 60 PSI	Fan Pattern: 5.5" to 7.5"	Good for lacquers, enamels, urethane and fast dry and low viscosity paints.	1 Year Warranty
SP-33000	SPRAYIT SP-33000 LVP (Low Volume Low Pressure) Gravity Feed Spray Gun	One-piece lightweight aluminum gun body with 20 oz./0.6l plastic cup.	Separate and Adjustable fluid, fan pattern and air controls for precise application.	Stainless steel fluid needle and nozzle - corrosion resistant for longer life.	Tip size: 1.3mm	Air consumption 3.5 to 3.9 CFM @ 30 PSI	Working pressure 28-45 PSI. Maximum pressure 60 PSI	Fan Pattern: 7.0" to 10.9"	Good for lacquers, enamels, stains, urethanes and fast dry and low viscosity paints.	1 Year Warranty
SP-527	SPRAYIT SP-527 Low Pressure Canister Gun bleeder Type with internal mix	One-piece lightweight aluminum gun body with 1 qt./0.9l aluminum cup.	Adjustable fan pattern control for precise application.	Stainless steel fluid needle corrosion resistant for longer life.		Air consumption 1.3 CFM @ 30 PSI	Working Pressure 30-10 PSI. Maximum pressure 50 PSI		Good for lacquers, enamels, stains, and low viscosity paints.	1 Year Warranty
