

Shop Air

5HP, 80 Gallon Air Compressor

CAST IRON Four Cylinder Pump

- Over 10,000* hours extended life
- Pump speed is only 840 RPM for smooth running and quieter operation

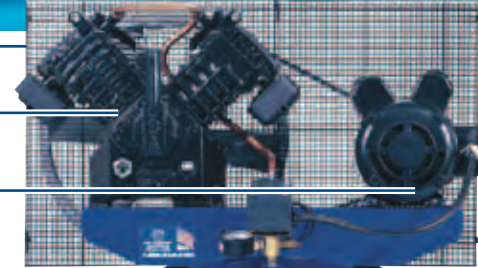

5HP Motor with Overload Protection

- Operates on 208-230 volt single phase power
- No special motor starter required

Easy Drain

- Convenient access to tank drain
- No need to reach under the tank

**140
MAX
PSI**

Operates a wider range of tools and provides longer run time

- Ideal for automotive repair and restoration
- With air delivery of 16 CFM, this compressor will easily run high demand air tools such as DIA sanders and grinders
- 80 gallon ASME code tank - assures safe operation
