- One or more bottles of blended synthetic oil, depending on pump
- Set of Four Vibration Dampening Pads

Gas Stationary Kits Include

- Model-specific filters for pump and engine
- Spark Plug
- One or more bottles of blended synthetic oil, depending on pump
- Set of Four Vibration Dampening Pads

(Part numbers and instructions on reverse side)

ELECTRIC STATIONARY KITS

Includes vibration pads, bottle(s) of pump oil, and filter(s)

Kit Part Number	Kit Contents
K17LIFEKIT	1 bottle of oil, 1 pump filter, 1 set of 4 vibration pads
K18LIFEKIT	1 bottle of oil, 1 pump filter, 1 set of 4 vibration pads
K24LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
K25LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
K28LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
K30LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
K50LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
K60LIFEKIT	3 bottles of oil, 2 pump filters, 1 set of 4 vibration pads
K100LIFEKIT	4 bottles of oil, 2 pump filters, 1 set of 4 vibration pads
MK103LIFEKIT	1 bottle of oil, 1 pump filter, 1 set of 4 vibration pads
MK113LIFEKIT	1 bottle of oil, 1 pump filter, 1 set of 4 vibration pads
BK119LIFEKIT	2 bottles of oil, 1 pump filter, 1 set of 4 vibration pads
PTO3LIFEKIT	1 bottle of oil, 1 set of 3 pump filters, 1 set of 4 vibration pads
PV02LIFEKIT	1 bottle of oil, 1 set of 3 pump filters, 1 set of 4 vibration pads

GAS STATIONARY KITS

Includes vibration pads, pump and engine oil, pump and engine filter(s), spark plug

Kit Part Number	Kit Contents
GX160K17LIFEKIT	1 bottle of oil, 1 pump filter, set of 4 vibration pads, 1 engine filter, 1 spark plug
GX340K30LIFEKIT	2 bottles of oil, 1 pump filter, set of 4 vibration pads, 1 engine filter, 1 spark plug
GX390K30LIFEKIT	2 bottles of oil, 1 pump filter, set of 4 vibration pads, 1 engine filter, 1 spark plug

Anti-Vibration Pad Installation Information

Tools required: Corded drill, drill bit, ratchet and socket, mounting hardware

- Ensure mounting surface is level
- Insert one anti-vibration pad under each foot.
- Drill a hole through each pad into the mounting surface. Depth and diameter will depend on type of fastener being used.
- Install fasteners.
- Completely tighten all but one fastener. For best results, the remaining fastener should be left just beyond finger tight.
