

Tsunami™ Filtration Packages

Tsunami™ Filtration Package #1

DESCRIPTION	PART NUMBER
20 SCFM	21999-0416
50 SCFM	21999-0247
120 SCFM	21999-0248

Includes: Water separator and lubricator

- Packaged for air tools, tire changers, automotive lifts, and robotics and machine tool
- Mounted separator with micrometric lubricator
- *Air output:* 10 micron lubricated air

Tsunami™ Filtration Package #2

DESCRIPTION	PART NUMBER
20 SCFM	21999-0415
50 SCFM	21999-0249
120 SCFM	21999-0250

*120SCFM packages mounted with heavy duty aluminum extrusion mounts

Includes: Water Separator, regulator and lubricator

- Packaged for air tools, tire changers, automotive lifts, robotic and machine tool.
- Mounted separator, piston regulator, micrometric lubricator.
- *Air output:* 10 micron regulated and lubricated air

Tsunami™ Filtration Package #3

DESCRIPTION	PART NUMBER
20 SCFM	21999-0424
50 SCFM	21999-0251
120 SCFM	21999-0252

Includes: Water separator and oil coalescing filter

- Packaged for industrial painting, plasma cutting, laser cutting, nitrogen generators, and critical automation
- Mounted separator and oil coalescer
- *Air output:* .01 micron (oil carry over .001 micron) ISO class 4

Tsunami™ Filtration Package #4

DESCRIPTION	PART NUMBER
20 SCFM	21999-0677
50 SCFM	21999-0253
120 SCFM	21999-0254

*120SCFM packages mounted with heavy duty aluminum extrusion mounts

Includes: Water separator, oil coalescing filter and regulator

- Packaged for industrial painting, plasma cutting, laser cutting, nitrogen generators, and critical automation
- Mounted separator and oil coalescer with piston regulator
- *Air output:* .01 micron (oil carry over .001 micron) ISO class 4

Tsunami™ Filtration Packages

Tsunami™ Filtration Package #5

DESCRIPTION	PART NUMBER
20 SCFM	21999-0421
50 SCFM	21999-0255
120 SCFM	21999-0256

*120SCFM packages mounted with heavy duty aluminum extrusion mounts

Includes: Water separator, oil coalescing filter and activated carbon

- Packaged for automotive painting, inspection rooms, air contact with food or medical equipment, and air bearings.
- Mounted separator, oil coalescer and carbon filter
- Air output: .003ppm of .01 micron. ISO class 1 HEPA grade, Grade "D" instrument grade

Tsunami™ Filtration Package #6

DESCRIPTION	PART NUMBER
20 SCFM	21999-0678
50 SCFM	21999-0257
120 SCFM	21999-0258

*120SCFM packages mounted with heavy duty aluminum extrusion mounts

Includes: Water separator, oil coalescing filter, activated carbon and regulator

- Packaged for automotive painting, inspection rooms, air contact with food or medical equipment, and air bearings.
- Mounted separator, oil coalescer and carbon filter with piston regulator
- Air output: .003ppm of .01 micron. ISO class 1 HEPA grade, Grade "D" instrument grade

Tsunami™ Filtration Package #7

DESCRIPTION	PART NUMBER
50 SCFM	21999-0494

Includes: Water separator and regulator

- Packaged for air tools, tire changers, automotive lifts, and robotics and machine tool
- Mounted separator with micrometric lubricator

Tsunami™ Filtration Package #8

DESCRIPTION	PART NUMBER
20 SCFM	21999-0414
50 SCFM	21999-0679

Includes: Oil coalescing filter and regulator

- Packaged for air tools, tire changers, automotive lifts, and robotics and machine tool
- Mounted separator with micrometric lubricator
